【1】 Types of Approved Classification

For use of kindergarten and nursery school services, you must receive a letter of ‘Certificate of Approved Classification for Education and Childcare’ from the city in accordance with your child’s early education and childcare needs. Depending on your type of approved classification, the kinds of childcare facilities and services you are eligible to use may vary.

(1) Facility types

Kindergartens (<i>Yochien</i>)	Provide early childhood education to build a foundation for primary school level education
Nursery Schools (<i>Hoikusho/Hoikuen</i>)	Provide childcare services to those who are unable to care for their child at home due to work commitments, etc.
Centers for Early Childhood Education and Care (<i>Kodomoen</i>)	Provide integrated education and childcare services
Small-scale Childcare Services (<i>Shokibo-hoiku</i>)	In small groups (6-19 children), provide childcare for children who as of April 1 are 2 years old or younger

(2) Types of Approved Classification

Classifications	Targets	Applicable facilities
Group 1	Children aged 3 and up, who have yet to begin primary school (excl. group 2)	Kindergartens(※ ₁), Centers for Early Childhood Education and Care
Group 2	Children aged 3 and up who require childcare due to the circumstances of their guardians (work, sickness, etc.)	Nursery Schools, Centers for Early Childhood Education and Care
Group 3	Children aged 2 years and below who require childcare due to the circumstances of their guardians (work, sickness, etc.)	Nursery Schools, Centers for Early Childhood Education and Care, Small-scale childcare services,

★For those applying for group 1 childcare services

Those who wish to apply to group 1 childcare facilities, such as Kindergartens (※₁) and the Centers for Early Childhood Education and Care, will need to turn in their application documents directly to their desired facility. Following admission approval by the designated childcare facility, the Matsudo City Childcare Division will issue you a ‘Certificate of Approved Group 1 Classification for Education and Childcare.’ (Please submit the following necessary documents after admission approval and before enrollment.)

Application for Enrollment and ‘Facility-type Benefit / Community-type Childcare Benefit and Education and Childcare Certification Application’ <Form1 >
Other necessary documents from the list on page 4 through 5 of this booklet, if any are applicable to your household situation. Only if any of conditions (1) through (17) apply to you.

【Note: Regarding the system to make preschool education and childcare free】

Those who, in addition to kindergartens (※₁) that receive Facility-type Benefits or Centers for Early Childhood Education and Care (group 1), use any of the following facilities may be eligible for receiving a subsidy; temporary daycare, short-term childcare, or unauthorized childcare facilities. To receive a subsidy, you must meet the requirements (※₂) for receiving childcare and be separately approved for the “Benefit for the Use of Childcare Facility”.

※₁ Kindergartens that have adopted the new Comprehensive Support System for Children and Child-rearing. (For the applicable kindergartens in Matsudo City, please see the list from the QR code on the right)

※₂ Requirements for the need of childcare are the same as the requirements for Certificate of Approved Classification for Education and Childcare. (Please refer to the “Circumstance which requires childcare assistance” on page 2)

★ For those applying for group 2 or 3 childcare services

Those who qualify for groups 2 or 3 will receive further classification depending on the amount of childcare their circumstances demand - 'Standard Time Childcare' or 'Short-Time Childcare' .

● Further classifications

Classifications	Childcare hours/day*	Requirements (if based on employment)
Standard Time	Max. of 11 hours	Work over 120 hours per month
Short Time	Max. of 8 hours	Work between 64 and 120 hours per month

*The childcare hours will be limited to the necessary extent taking into account breaks and commuting time. Hours exceeding the 'Childcare hours/day' quota will be considered Extended Childcare Hours.

【2】 About Applying

The applicant must have one of the following reasons for requiring childcare. Please refer to the following (1) through (5) and apply with the required documents.

- Copy of a Child Rearing Allowance Certificate
- Copy of a Special Child Rearing Allowance Certificate
- Other documents to prove your identification, etc.

(5) Notes on Extension of Period for Receiving Childcare Leave Benefits

The following points should be noted when you apply for an extension of the entitlement period for childcare leave benefits.

- A certificate issued by Matsudo City stating that the applicant is unable to use a nursery school, etc. (hereinafter referred to as “Notice of Pending Admission”), is required for the procedure to extend the period of childcare leave.
- In order to issue a Notice of Pending Admission, you must apply for nursery school enrollment, even if there are no vacancies at the facility of your choice
- If an application is not submitted by the deadline for the desired month of admission for any reason, the City will not be able to issue a Notice of Pending Admission for that month. In particular, a Notice of Pending Admission may be required for children upon reaching the ages of 1 year and 1 year and 6 months, so please remember to apply for admission.
- In general, the application deadline is the last day of the month two months prior to the month in which you wish to enroll your child, but the deadline for January through April is the last day of November of the previous year. Please note that the application deadlines vary, and please refer to the cover page of this Guide to Nursery School Admission for details.
- The application for admission is valid during the school year (from April to March of the following year), and if it surpasses the school year, the application must be submitted again. Please be aware of the expiration date of your application.
- For procedures to extend the period of entitlement to childcare leave benefits, contact your employer or the Public Employment Security Office (Hello Work) in your area. Matsudo City is unable to answer whether or not the period of your childcare leave benefits can be extended.

【3】 Steps Leading up to Admission

If you are eligible for either the Group 2 or 3 childcare service and wish to use it, you are required to submit an application to the Matsudo City Childcare Division. Please refer to procedures (1)-(5) below.

(1) Submitting your application forms

(Application for Enrollment and ‘Education and Childcare Certification Application’)

※ In principle, applications are accepted by mail or through online (MyNa Portal).

- Those anxious to know when the documents arrive, please use the postal method with tracking.
- Be sure to write the name and address of the applicant (guardian) on the back of the envelope.
- Those who applied online can check their status on the MyNa Portal

【Application forms are available at these locations -】

- Available for download from the Matsudo City website
- Matsudo City Hall, New Bldg. 7F, Childcare Division
- Registered nursery schools within Matsudo City

Fill out the necessary information and submit your application form by mail, together with all necessary documents, to the Childcare Division at Matsudo City Hall.

※The application must be received by the application deadline printed on the cover of this guide

- Please allow plenty of time before the deadline to submit everything, as applications received past after the deadline will be reviewed in the following month or later.

① Notes when submitting your application (Please read thoroughly)

- Please inform us if your child needs special consideration due to any injury or illness (including, undergoing medical treatment, or suffering from allergies, etc.). Specialized concierges are available for consultation in advance. In some cases, the submission of a medical certificate may be necessary. Facilities that accept children needing medical care are limited to ensure their safety, so please inquire in advance.
- In the case that there are two or more pre-elementary school aged children in the same household, applications are to be submitted for both/all children, in principle.
 - ※However, only some children may be admitted/apply to the nursery school, provided that the following conditions are met.
 - a) The parents/guardians have a recognized reason for requiring childcare.
 - b) The parents/guardians themselves must secure a place for the other child/children to stay (i.e. Relatives, kindergartens, unlicensed childcare facilities, temporary care, family support center, etc.)
 Unless these conditions are met, the nursery school application will not be accepted.
- If you submit additional documentation after mailing the application in, please include a note with the applicant child's name, date of birth, your 1st choice of nursery school, and the desired admission month.
- If you wish to change your choice of nursery schools after submitting the application form, please make changes through the Matsudo City Online Application System.
- If you decline the offer after accepting the approval for use of nursery school, you will be subject to a deduction of points (minus 40pt) in the selection criteria for one year following that event. Please consider carefully the timing and facility you wish to use before applying.
- In principle, new admissions begin the 1st of each month.
- Parking space is very limited at all nursery schools in Matsudo City. Please double check with the facility in advance if you are thinking of driving to/from the nursery school.
- If you are currently experiencing or are in danger of domestic violence or abuse, or if you are currently taking refuge from such a situation, please consult with us upon making your application.
- Applications for non-yet-born children will only be accepted for admission in April 2025. At the time of application, only those with children who are due to be born by February 3, 2025 are eligible to apply.
 - ※Please also see the Matsudo City Childcare Division website for more details on application process.

② Children's age and corresponding class level

Class	Birthdate
Age 0	After April 2, 2024
Age 1	April 2, 2023- April 1, 2024
Age 2	April 2, 2022 - April 1, 2023
Age 3	April 2, 2021 - April 1, 2022
Age 4	April 2, 2020 - April 1, 2021
Age 5	April 2, 2019 - April 1, 2020

※ Class level is determined by the age as of April 1st 2025

③ For a resident of Matsudo applying for a facility outside the city

- Those who are planning to move out of Matsudo.

They must apply directly to the nursery school section of the municipal office where they plan to reside. They should also contact the said municipal office for information about required documents, application deadlines, etc.

- Those who do not plan of move from Matsudo

They will first need to confirm the points below with the municipality where the facility is located, and then submit the application to the Matsudo City Hall.

<Points to be confirmed>

- Application deadline in the other municipality (Please turn in the application documents to Matsudo 10 days prior to their deadline)
- If the facility accepts applications from Matsudo City residents
- If it is alright to apply with the forms issued by Matsudo City, or if they require application documents issued by the municipal office in which the facility is located.

<Required documents>

- Necessary documents required at the municipality where you wish to apply to
- Application for Enrollment “Out-of-Jurisdiction-Facility-type Benefit / Community-type Childcare Certification Application” (Form designated by Matsudo City, download available)

④ For a non-resident of Matsudo applying for a facility within Matsudo

If you are planned to move to Matsudo before the 1st of the month of admission, please obtain the set of application forms provided by Matsudo City, and submit them directly to Matsudo City.

Otherwise, you must apply through the municipal office where you currently reside, using the set of application forms designated by Matsudo City, at least 10 days prior to Matsudo’s application deadline.

There may be cases where you need to submit additional documents to the municipal office of your residence, so please be sure to check with them.

<Required documents>

- Set of application forms designated by Matsudo City (See page 3)
- Application for Enrollment “Out-of-Jurisdiction-Facility-type Benefit / Community-type Childcare Certification Application” (Form designated by Matsudo City, download available)
- If you plan on moving, a copy of the sale/purchase agreement of your house, a lease agreement, etc., or Certificate of Will to Live Together (Form designated by Matsudo city, download available)
- ※ Only when you are unable to provide a sale/purchase agreement of your house or a lease agreement, etc., you can submit the “Pledge of moving-in” (Form designated by Matsudo city, download available) .

(2) Review and approval/non-approval decision

The documents submitted will be reviewed and a decision will be made whether or not to approve the use of the childcare facility. If any irregularities are found in the documents, the City may contact the parents or their employer by telephone to confirm the employment status, etc.

In the case of inadequate documentation, your application may not be assessed in the admission adjustment process. Please read pages 3 through 5 carefully and gather all necessary documentation before submitting them.

(3) Admission adjustment

Childcare placements are coordinated according to the priority ranking of each applicant. This is determined by setting an index point for each applicant based on the information provided in the application and documents supporting the need for childcare in order of priority and adjusting who will be admitted to the nursery school.

(4) Announcement of placements

The Matsudo City Childcare Division will notify the applicant of the result of the admission adjustment, and issue a 'Certificate of Approved Classification for Education and Childcare' .

※ Those who have been approved

- Those who are assigned placements will receive a 'Notice of Acceptance and Placement' by mail from the Childcare Division.

※ Waitlisted applicants

- Those who are waitlisted will be sent a 'Notice of Pending Admission' around the 20th of the month preceding your desired month of admission (once only). (Applicants for March and April admissions will be notified in early February.)
- Your application will continue to be examined each month during the same fiscal year. If you wish to continue applying in the following fiscal year, an application will need to be submitted again. When a placement opens at your desired facility, you will be both contacted by phone and also sent a Notification of Acceptance and Placement in the mail.
- A Notice of Pending Admission will not be mailed in the months following the first adjustment result. Please contact the Childcare Division on or after the 20th of the month prior to the month in which you wish your to enroll your child, if necessary.
- If the information on your application changes, or if you no longer require childcare service, please contact the Childcare Division.

(5) Admission

Those who have been granted admission will be required to attend an interview and orientation at their assigned facility. After that, please proceed with preparations for admission under the guidance of each facility.

【 Process Outline Entering Nursery School in April, 2025 】

※The second adjustment review will be made only for those who were put on a waitlist in the first adjustment in April 2025. (Applications submitted after December 1, 2024 will be reviewed for admission for May 2025 start.)

Tour of a facility

- Visit the nursery school of your choice with your child to confirm the daycare policy, opening hours, allergy support, etc. Please contact the school directly to discuss the date and time of the visit.

(2) Confirmation and review of your application, and determination of approval/denial of enrollment

- The applicant's reason for needing childcare and amount of childcare required will be confirmed based on the submitted documents.
- If the documents are incomplete or unclear, we may call the applicant to confirm the details of the application and the household situation.

(3) Admissions Adjustment Review

- The Childcare Division will hold an admissions adjustment meeting based on the application documents. Priority will be given to applicants based on the eligibility criteria, and the City will coordinate the use of childcare services according to the availability of childcare facilities.

Reviewed the
following month
through March
2026

(4) Certificate of Approved Classification for Education and Childcare is issued

- The result of the admission adjustment review will be sent in a mail, along with the "Certificate of Approved Certification for Education and Childcare".

<Approval>
Notice of Acceptance
and Placement

<Waitlist> Notice of Pending Admission

- Your application will continue to be reviewed throughout the fiscal year until March, 2026, but you will need to submit a new set of application documents for the new fiscal year.
- If your child's admission is put on hold, you will only receive a notice in the first month in which you wish to use the childcare.

(5) Enrollment

- The nursery school may require you to attend an interview/briefing prior to your child entering the school. Please check with the nursery school for the schedule and what you need to bring.
- Please be sure to read the notes on page 12 of this guide.
- The child will attend the nursery school for a short period of time at the beginning and then the number of hours will gradually increase (called Narashi-hoiku).

Childcare Fee Notification

- Notification of User Fees (Childcare Fees) will be mailed in the month in which the child is enrolled.

【4】 Points to note after admission

(1) General notes

- If you are found to have falsified any information in your application, admission will be revoked. Admission may also be revoked if the child's health is found to be different from the information provided in the Health Report (Form 3 or Form 3-2) after admission is granted.
- After being granted for admission, if you have moved outside of Matsudo City before enrollment, admission may be revoked.
- If you no longer have applicable reasons for requiring childcare services, your admission will be withdrawn.
- If there are any changes to your family/living circumstances (home address, employer, etc.), please inform the facility operator and the Childcare Division.
- Please be aware that you may be contacted by a supervisor even after admission, in order to confirm your continued need for childcare services (i.e. your employment situation, etc.).
- To enable your child to adapt to the facility and to the group environment with minimal stress, attendance hours are reduced for a period after admission (Narashi-hoiku). The duration of this acclimation period varies from facility to facility. Despite the reduction in hours of use, **there will be no change in the service fees during this time.**
- If you start job-seeking or acquire parental leave, your classification will be changed to 'Short Time Childcare' .

(2) Taking a parental leave while the child is using a childcare facility

- If a mother has a second or subsequent child and takes parental leave after the older child(ren) is enrolled in nursery school, the older child(ren) may continue to use the facility even during the parental leave, provided that the mother returns to work by the time the newborn child is 1 year and 6 months old.
※As an exception, if the older child(ren) attending the nursery school at the time of the birth of their younger sibling(s) are in the 3 year old class or older, due to the need for a group environment before the child(ren) enter school, the older child(ren) may continue to use the facility beyond the month in which the younger sibling turns 1 year and 6 months old.
- In principle, children using the facility during their guardian's parental leave period are not allowed to transfer to a different nursery school. However, in the following cases, applications for transfer may be accepted.
 - ① When the guardian will return to work within one month after transfer of nursery school.
 - ② In the event that the reason for requiring a childcare is changed to a reason other than parental leave.
 - ③ When the child is graduating from a facility for children up to 2 years old class (i.e., small-scale childcare services, private daycare centers, etc.).
 - ④ When it becomes difficult for the child to go to the facility he/she is enrolled in due to relocation, etc.
- Once the nursery school transfer is approved, the spot at the former school will be immediately offered to the next applicant waiting, and the transferred child will not be able to return to the former school. Please notify the Childcare Division as soon as possible if you need to cancel the transfer request.

(3) For those planning to return to work from parental leave

- If granted admission, you will need to return to the workplace listed in the Proof of Employment by the first business day of the month following your child’s admission.
- If you are unable to return to work by the first business day of the month following your child’s admission, your child may be unenrolled from the facility.
- Please be sure to submit the Certificate of Reinstatement to the facility or the Childcare Division within one month after going back to work. (Form designated by Matsudo City, download available.)

《Examples of Common Cases》

Those who plan to return to work after parental leave receive additional points to consider in the admission adjustment process. Therefore, the eligibility of returning to work and the working conditions (number of working days, hours, etc.) after parental leave have a significant impact on the selection process.

Please see below for examples of how people have returned to work.

Case ① : When the acceptance/non-acceptance of the use of nursery school is affected by the way of returning to work

[Situation] The applicant is on a parental leave at company A, and planning to return to work after his/her child enrolls in to a nursery school, with no change in the number of days and hours of work from before taking leave.

	Use of nursery school	Place of employment after the child’s enrollment
a)	○	Return to work at company A
b)	○	Return to work at company A, and transfer to company B after one month
c)	×	Do not return to work at company A, and transfer to company B after one month
d)	×	Do not return to work and retire from company A (Change the reason for needing childcare to “Job Seeking”)

In case (b) above, the child’s enrollment is approved because the applicant once returned to work at company A and the changed jobs at company B.

Case (c) is not eligible for additional points from “Returning from Parental Leave” but only from “Job Offer” , because the applicant did not return to work at company A, the employer described in the employment certificate attached to the nursery school application form.

Similarly to (c), the index score in case (d) is for “Job Seeking” and is not eligible for the additional “Returning from Parental Leave” point.

The number of points for both (c) and (d) differs from the initial admission adjustment, and enrollment may be revoked.

Case ② : When the acceptance/non-acceptance of the use of nursery school is affected by the employment conditions (number of days and hours of work, etc.)

[Situation] The applicant is planning to return to work at the same company.

	Use of nursery school	Working conditions after returning to work
e)	○	Return to work under the work conditions described in the employment certificate attached to the application.
f)	○	Return to work using the company’s “short working hour system for childcare” (without changing the number of days and hours based on the employment contract described in the employment certificate attached to the application).
g)	×	Return to work with a change of employment contract to work for a shorter period of time than described in the employment certificate attached to the application.

In case (f) above, the child’s enrollment is approved because the number of days and hours of work in the applicant’s employment contract is not changed. Although he/she is using the company’s short working hour system, it is considered that the applicant has returned to work under the same working conditions as those stated in the application documents.

The number of points for (g) differs from the initial admission adjustment because the employment contract has been changed to the shorter hours, and therefore the enrollment may be revoked.

Case ③ : When the acceptance/non-acceptance of the use of nursery school is affected by a temporary worker' s return to work

[Situation] The applicant is employed by temp agency A, and is sent to work for company B. He/she is currently taking a parental leave from the temp agency A, and planning to return to work under the same working conditions after the child is enrolled in a nursery school.

	Use of nursery school	Place of employment after the child' s enrollment
h)	○	Return to work at temp agency A, and be dispatched to company B
i)	○	Return to work at temp agency A, and be dispatched to company C
j)	×	Do not return to work at temp agency A, but transfer to temp agency D and be dispatched to company B

In cases (h) and (i), the applicant has returned to work for the same agency A where they took parental leave, so the child' s enrollment is approved even if the company to which they are sent is different from before.

Case (j) is not eligible for additional points from “Returning from Parental Leave” but only from “Job Offer” , because although the applicant is sent to work for the same company B, he/she did not return to work for agency A but was employed by another agency D. In this case, the number of points is different from the initial admission adjustment, and enrollment may be revoked.

Case ④ : When the acceptance/non-acceptance of the use of nursery school is affected by a temporary worker' s employment conditions (number of days and hours of work, etc.)

[Situation] The applicant is planning to return to work at the same temp agency and sent to the same company as before taking leave.

	Use of nursery school	Working conditions after returning to work
k)	○	Return to work under the work conditions described in the employment certificate attached to the application.
l)	○	Return to work <u>more</u> days and/or hours than the work conditions described in the employment certificate attached to the application.
m)	×	Return to work <u>less</u> days and/or hours than the work conditions described in the employment certificate attached to the application.

In case (l), the child' s enrollment is approved because the applicant has returned to work under conditions that are more than what was stated in the application documents.

In case (m), the applicant has returned to work under conditions that are less than what was stated in the application documents, and therefore, the number of points is different from the initial admission adjustment, and enrollment may be revoked.

For any other questions regarding reinstatement, please feel free to contact the Childcare Division.

【5】 Childcare fees

- (1) **Childcare user fees** (Please refer to the ‘Table of Childcare Fees’ P19-21)
- Childcare fees are determined by the amount of municipal resident tax paid by the parents/guardians who live in the same household as the child, determined as follows -

Admission Apr. - Aug. 2025 -> based upon tax paid in 2024-25 fiscal year

Admission Sep. 2025 - Mar. 2026 -> based upon tax paid in 2025-26 fiscal year

※ If the information required to calculate the applicable childcare fees cannot be obtained, the childcare fee rate will be determined at the highest fee category. For information on how to check your filing status and how to file, please contact the Resident Taxation Division of your municipality as of January 1, 2024 and January 1, 2025.

- If two or more children are enrolled in kindergarten or nursery school at the same time, the childcare fee for the second child will be approximately half. In the case of kindergartens and other facilities (excl. the authorized nursery schools), please provide a certificate of enrollment.
- When calculating the amount of income tax paid upon approving the childcare fee amount to be borne by the applicant, tax deductions (excl. adjusted deductions) will not be applied.
- Additional fees will be charged for extended childcare hours. However, for those who are enrolled in a public nursery school, the 2nd child is charged half and the 3rd child is exempt from the extended childcare fees.
- Childcare fee payments must be made **by the end of each month** (28th in December only). In the case that the end of the month falls on a weekend or public holiday, payment is due on the next business day. **Be sure to pay on time.**
- When a payment is not made by the due date, in addition to sending a letter of reminder/demand, investigation and/or seizure of property may be conducted to settle outstanding debts.
- In the case of Centers for early-childhood education and of small-scale childcare services, payments are to be made directly to the facility. Please consult with the individual facility regarding payment methods and due dates.
- In principle, childcare fees are not adjusted retroactively beyond the fiscal year. However, childcare fees may be revised if there are changes in amended tax declaration, childcare classification, and/or household situation, etc. within the fiscal year. Please contact us immediately if those changes occur.
- The ‘Table of Childcare Fees’ is subject to any revisions made to base payment rates, as dictated by the Ministry of Health, Labor & Welfare.

(2) Bank transfer of childcare fees for authorized nursery schools

- **Matsudo City requests that all users with a child in a class for 0 through 2 year olds of authorized nursery school facilities make childcare fee payments via automatic bank transfer.**

※For Centers for Early Childhood Education and Care, Small-scale childcare services, please contact each facility directly

【How to set up for a bank transfer】

- ① On the web using the bank transfer application service below)

- Scan the QR code to the left
- You will receive a notification in the mail when the bank transfer application process is complete in approximately one month.

- ② At the financial institution using the bank transfer request form

- Fill in the bank transfer request form provided at each nursery schools and complete the necessary procedures at your financial institution.
- You will receive a notification in the mail approximately two months after submitting the bank transfer request form at the financial institution.

※ For both methods ① and ②, payment by bank transfer will begin at the end of the month in which you receive the notification that your registration is complete.

(3) Other fees

Parents will be required to cover expenses other than childcare fees (i.e. extended childcare fees, school meal fees, event fees, and educational material costs, etc.).

These expenses will be calculated and collected individually for each facility.

For users of public nursery schools, we request the use of account transfers in the same manner as childcare fees.

- Note: ① Age classification in this table is according to the age as of April 1st, 2025, and the amount of the fees does not change throughout the fiscal year.
- ② When calculating the income-based portion of the residence tax amount, the special deductions such as, Housing-loan deductions, donation deductions, etc. are not applied.
- ③ Households who neglect to provide their tax documents (i.e. income has not been declared, etc.) will be charged childcare fees according to the highest of the classifications above.
- ④ When two or more siblings are simultaneously enrolled in a kindergarten or nursery school, etc., the second child's childcare fees are halved. The childcare fees of the third and younger child(ren) will be free when they have two or more siblings under elementary school 4th grade. (Please submit a proof of admission for child(ren) enrolled in kindergartens.)
- ⑤ For the households that fall into the classifications upto 6-1, there is no age limit for the multiple siblings discount outlined in ④ above. The second child's childcare fees are halved, and the third and younger child(ren)'s childcare fees will be free.
- ⑥ For the single-parent households that fall into the classifications upto 8-1, there is no age limit for the multiple siblings discount outlined in ④ above, and the first child is charged the childcare fees indicated in the brackets[] in "The second child" column. The childcare fees for the second and the younger child(ren) in those households will be free.
- ⑦ The third child, counted from the child under the third grade of elementary school, is free of childcare fee, regardless of the amount of the residence tax (no income limit).
- ⑧ Childcare fees for "children from 3 to 5 years old" and "0 to 2 years old children of residence tax exempt households" will be free.

<Expenses other than childcare fees for the children over 3 years old>

Amount for school meal fees, event fees, educational material cost, extended-hours childcare fees, etc. will be determined and collected by the each facility. For the details, please contact the facility information at the bottom of this page.

※However, the school lunch fee is exempted for households in the following 1 to 4 according to the above classification table.

1. Households up to classification No. 8-1 that require social welfare* (*Persons receiving public assistance and/or single-parent households)
2. Households up to classification No. 6-1
3. The third and any subsequent child(ren) in the same household.
4. 50% is exempted from the second child in the same household.

- Note: ① Age classification in this table is according to the age as of April 1st, 2025, and the amount of the fees does not change throughout the fiscal year.
- ② When calculating the income-based portion of the residence tax amount, the special deductions such as, Housing-loan deductions, donation deductions, etc. are not applied.
- ③ Households who neglect to provide their tax documents (i.e. income has not been declared, etc.) will be charged childcare fees according to the highest of the classifications above.
- ④ When two or more siblings are simultaneously enrolled in a kindergarten or nursery school, etc., the second child's childcare fees are halved. The childcare fees of the third and younger child(ren) will be free when they have two or more siblings under elementary school 4th grade. (Please submit a proof of admission for child(ren) enrolled in kindergartens.)
- ⑤ For the households that fall into the classifications upto 6-1, there is no age limit for the multiple siblings discount outlined in ④ above. The second child's childcare fees are halved, and the third and younger child(ren)'s childcare fees will be free.
- ⑥ For the single-parent households that fall into the classifications upto 8-1, there is no age limit for the multiple siblings discount outlined in ④ above, and the first child is charged the childcare fees indicated in the brackets[] in "The second child" column. The childcare fees for the second and the younger child(ren) in those households will be free.
- ⑦ The third child, counted from the child under the third grade of elementary school, is free of childcare fee, regardless of the amount of the residence tax (no income limit).
- ⑧ Childcare fees for "children from 3 to 5 years old" and "0 to 2 years old children of residence tax exempt households" will be free.

<Expenses other than childcare fees for the children over 3 years old>

Amount for school meal fees, event fees, educational material cost, extended-hours childcare fees, etc. will be determined and collected by the each facility. For the details, please contact the facility information at the bottom of this page.

※However, the school lunch fee is exempted for households in the following 1 to 4 according to the above classification table.

1. Households up to classification No. 8-1 that require social welfare* (*Persons receiving public assistance and/or single-parent households)
2. Households up to classification No. 6-1
3. The third and any subsequent child(ren) in the same household.
4. 50% is exempted from the second child in the same household.

【9】 For those in Hunt for Daycare (*Hokatsu*)

(1) Tips when applying

Please read the following as a reference to when applying for the use of nursery school.

1. Apply with a list of desired nursery schools in the order in which you really want your child to attend them, not their availability.

The use of the facilities will be examined starting from the top of the list, but you will not be given preferential treatment in the selection process regardless of how high up you rank the facility. Even if you think it will be difficult to get in due to high competition, please apply in the order of your true preference.

2. Visit the nursery school of your choice as much as possible

Although it will not affect the selection process, it is important to check the atmosphere and route to the nursery school as much as possible since your child will be going there every day.

3. Add as many nursery schools as possible that are not only near your home or the nearest station, but also near adjacent stations or near your place of work, etc.

The more facilities you list, the more likely you are to be admitted since we can make arrangements with more facilities.

4. If you are applying for siblings together at the same time, please think carefully about the conditions of their application preference.

Although the city will try to place your children in the same nursery school as much as possible, applying under one of the following conditions will increase your chances of admission:

“Same school admission priority” even if it is a school lower on your list (there is still a possibility of being admitted to separate facilities)

or

“Higher preference school priority” even if your children are to attend separate facilities.

5. For children applicable for the 0-2 year old class, please also consider a small-scale childcare facility.

There are many small-scale childcare facilities in Matsudo City. Including them in the list of desired nursery schools will increase the chances of admission. See the next page for details.

6. For children applicable for the 3-5 year old class, please also consider a kindergarten.

There are many kindergartens in Matsudo City that offer long hours of childcare. You may choose a kindergarten that allows you to balance your child’s education with your work. The City also has its own subsidy system to reduce the cost of childcare. See the next page for details.

7. If you are placed on a waiting list for admission, please consider adding more facilities to your preferred facilities for the following month or later.

You can add or change your preferred facilities using the Matsudo City online application system.

(2) Small-Scale Childcare Services and Kindergartens

There are many small-scale childcare facilities in Matsudo City, but many people are concerned about what happens to their children after they graduate from these facilities, as they are only for children up to the 2 year old class.

Generally, people think of nursery schools or Centers for Early Childhood Education and Care (*Kodomoen*), but Matsudo City also offers many kindergartens (*Yochien*) that focus on early childhood education and provide long hours of childcare. To reduce the financial burden on households, the City has its own subsidy system.

As the system allows for a better balance between parents' work and children's education, the number of families choosing to use the kindergarten following small-scale childcare facilities is increasing each year. There is also a recommendation system for enrollment in designated kindergartens, so you may want to consider using a small-scale childcare facility with a possible kindergarten in mind.

① Small-Scale Childcare Services

● What makes small-scale childcare facilities attractive?

- Less expensive

Childcare fees at small-scale childcare facilities are 20% lower than those at nursery schools.

- Easy to access

Many small-scale childcare facilities are located near train stations, making them easy to use on the way to and from work.

- Easy to maintain a close eye on the children

Childcare is provided in a single room, and the ratio of childcare provider to the classroom space is high, making it easy to provide individual attention to each child.

- Growth unique to small-scale childcare facilities

At small-scale childcare facilities, children aged 0 to 2 years old are cared for in the same room. The younger children grow by imitating the older children, and the older children develop an awareness of themselves as role models and protectors for the younger schoolmates.

● Recommendation slots for kindergartens

Matsudo City has established a referral system for kindergartens providing long-hours childcare services and their affiliated small-scale childcare facilities.

Under the referral system, small-scale childcare facilities recommend children who are prospective graduates from their facilities to kindergartens according to the number of recommendation slots set by each kindergarten. Through this system, parents can obtain information about kindergartens that are affiliated with the small-scale childcare facility their children attend which can lead to a smooth transition to kindergarten.

This system also reduces the burden on parents when enrolling their children in kindergarten, so please consider this point when selecting a small-scale childcare facility.

※ Not all small-scale childcare facilities are affiliated with kindergartens and implement the recommendation system. Please refer to pages 22-27, 【8】 List of Nursery Schools in Matsudo, for information on small-scale childcare facilities and kindergartens that are affiliated with each other.

※ The recommendation system does not guarantee admission to a kindergarten. Even if you use the recommendation system, the children still go through a selection process by the kindergarten.

② Kindergartens

● **Kindergarten childcare hours**

The basic educational hours for kindergartens are 4 hours per day, but there are many kindergartens in Matsudo City that offer longer hours of childcare.

The number of families choosing to use kindergartens is increasing each year for a better balance between parents' work and children's education.

Please access the QR code on the right to check the facilities offering longer childcare and their opening hours for childcare.

● **Matsudo City original subsidy for childcare fees at kindergartens**

Matsudo City has its own subsidy system for private kindergartens in order to reduce the cost of childcare. This subsidy covers childcare fees that are not covered by the government's program, up to 30,000 yen per month.

For more information on eligible facilities, details of the subsidy system, and how to apply, please access the QR code on the right.

● **Nursery stations with transportation services, “Sogei Hoiku Station”**

Matsudo City Sogei Hoiku Stations are facilities that provide childcare services before and after kindergarten hours in order to ensure the same childcare hours as nursery schools.

In the morning, the children are dropped off at the Sogei Hoiku Station by their guardian, where they are cared for until the kindergarten bus arrives, and when the bus arrives, they are taken to the kindergarten they attend. During the day, the children are educated at their kindergartens, and in the evening, the kindergarten bus returns to the Sogei Hoiku Station to be cared for until their guardians arrive to pick them up.

There are designated kindergartens for each Sogei Hoiku Station, and you need to apply to use them. For details, please access the QR code on the right.

(3) Matsudo City online consultation system

As part of its initiatives to build a “Virtual City Hall,” Matsudo City has introduced the Matsudo City Online Consultation System, which allows parents to make appointments and carry out consultations via web conferencing without having to download a special app to their own smartphones, tablets, or other devices.

Parents can consult with the Childcare Division in the same manner as they would in person at the counter without having to come to the City Hall. Since the system is secured, parents can use it with no worries, even if the consultation involves personal information.

We hope that those who wish to consult at home, or those who plan to move to Matsudo from remote areas and have difficulty coming to Matsudo City Hall, will make full use of this online consultation system.

※ Virtual City Hall : A collaboration platform with citizens to provide information and procedures needed by citizens in an easy to understand and appropriate manner, and to reduce the rate of citizen visits to the city hall.

Steps from Appointment to Online Consultation

- ① Click on the link ^{よやくカレンダー}〈予約カレンダー (reservation system)〉 on the city’s official website “Online Consultation Service for Application to Use Nursery Schools” to select your preferred date and time from the available slots on the calendar.
- ② Enter the required information in the reservation form: your name, email address, matters to consult, matters to be confirmed prior to consultation, etc.
- ③ After filling out the form, you will receive a tentative reservation completion email automatically sent by the system. Access the URL in this email to confirm the reservation.
- ④ Once your reservation is confirmed, the system automatically sends an invitation email to the applicant with a “入室 URL (meeting link)” ^{にゅうしつ} to enter the online consultation meeting.
- ⑤ A reminder email is sent automatically from the system 24 hours prior to the consultation.
- ⑥ On the day & time of the consultation, access the “meeting link” and have a consultation with a city official.

- Text messaging is available through a chat tool. If you are in a place that requires silence, you can consult in a text conversation.
- During the online consultation, references and other documents may be presented by the city official for you to view on your smartphone/tablet, etc., and you can also download to save them.
- You are also welcome to share the documents that you would like the city official to look at, by preparing the data for it (i.e. picture, PDF) before the consultation.
- More than one parent can access the consultation at the same time from separate smartphones or computers.
