【1】 Types of Approved Classification

Upon applying for access to kindergarten and nursery school services, you must receive a letter of ‘Certificate of Approved Classification for Education and Childcare’ from the city in accordance with your child’s early education and childcare needs. Depending on your type of approved classification, the kinds of childcare facilities and services you are eligible to use may vary.

(1) Facility types

Nursery Schools	Provide childcare services to those who are unable to care for their child at home due to work commitments, etc.
Centers for Early Childhood Education and Care	Provide integrated education and childcare services
Small-scale Childcare Services	Provide childcare in an environment similar to that of a family-style daycare (6-19 children)

(2) Types of Approved Classification

Classifications	Targets	Applicable facilities
Group 1	Children aged 3 and up, who have yet to begin primary school (excl. group 2)	Kindergartens(※ ₁), Centers for Early Childhood Education and Care

(3) Coordination of placements

Childcare placements will be assigned with respect to the priority rankings of each applicant. This is established based upon the details provided in the application and on the grounds for the need of childcare, as proven by supporting documentation.

(4) Announcement of placements

The Matsudo City Childcare Division will issue you a 'Certificate of Approved Classification for Education and Childcare' .

※ Those who are assigned placements

- Those who are assigned placements will be contacted by the Childcare Division via phone and sent a 'Notification of Acceptance and Placement' in the mail. (Applicants for April admissions will be notified by mail only.)

※ Waitlisted applicants

- Those who are waitlisted will be sent an Admissions Waiting List Notification around the 20th of the month preceding your desired month of admission (once only). (Applicants for March and April admissions will be notified in early February.)
- Your application will continue to be assessed each month during the same fiscal year. If a placement opens at your desired facility, you will be both contacted by phone and also sent a Notification of Acceptance and Placement in the mail.
- If there have been any changes to the details provided in your application, or you no longer have grounds for requiring childcare services, please contact the Childcare Division.

(5) Admission

Those who have been granted admission are required to attend an interview and information session at their designated facility. After this, please proceed with preparations for admission under the guidance of the designated facility.

● Points to note after admission

- If you no longer have recognized reasons for requiring childcare services, your admission will be withdrawn.
- If there are any changes to your details (home address, employer, etc.), please inform the facility operator and the Childcare Division.
- Please be aware that you may be contacted by a supervisor even after admission, in order to confirm your continued need for childcare services (i.e. Your employment situation, etc.).
- To enable your child to adapt to the facility and to the group environment with minimal stress, attendance hours are reduced for a period after admission (*Narashi-hoiku*). Despite the shortened hours, there will be no difference in the service fees during this time.
- If you start job-seeking or acquire parental leave, your classification will be changed to 'Short Time Childcare'.
- In the cases of taking parental leave for the child in second or thereafter, the older child/children who are already enrolled in the facility can continue to receive care on the assumption that the guardian will return to work no later than when the newest born child turns 18 months.
 - ※ As an exception, due to the necessity of pre-school group living of the older sibling/-s, if they are enrolled in the class for age 3 and over at the time of birth of the new child, they can continue to receive childcare even if the guardian stays on parental leave beyond the newly born child is older than 18 months.
- If you are found to have falsified any information in your application, admission will be revoked.
- Most childcare facilities do not have sufficient parking. For those considering picking up/dropping off their child by car, please contact each facility to confirm their parking situation.
- After being granted for admission, if you have moved outside of Matsudo city before enrollment, admission may be revoked.

★ For those planning to return to work from parental leave

- If your child has been granted admission, you will need to return to your previous workplace by the first business day of the month following your child's admission.
- Please be sure to submit the Certificate of Reinstatement to the facility or the Childcare Division within one month after going back to work. (Form designated by Matsudo city, download available)
- In the following cases, your child may be withdrawn from the nursery school or your admissions approval may be revoked.
 - ① If you retire without returning to work during/after taking parental leave.
 - ② If you are unable to return to work by the first business day of the month following your child's admission.
 - ※Your child may also be withdrawn from the nursery school If your work style before and after the parental leave has changed.
i.e. Returning to your work with fewer working days or shorter work hours than those declared in the application documents (Excl. when acquiring Reduced Working Hour for Childcare), etc.
- Children using the facility during their guardian's parental leave period are not allowed to transfer.

【4】 Childcare fees

(1) Childcare fees (Please refer to the ‘Table of Childcare Fees’)

- Childcare fees are determined by the amount of municipal residents tax paid by the parents/guardians who live in the same household as the child, determined as follows -

Admission Apr. - Aug. 2021 -> based upon tax paid in 2020-21 fiscal year

Admission Sep. 2021 - Mar. 2022 -> based upon tax paid in 2021-22 fiscal year

※ If the documentation required to calculate the applicable childcare fees is unable to be obtained (due to moving into the city or an unaccompanied job transfer, etc.), the childcare fee rate will be set at the highest fee bracket.

- When calculating the amount of income tax paid (when approving the childcare fee amount to be borne by the applicant), tax deductions (excl. adjusted deductions) will not be applied.
- Additional fees will be charged for extended childcare hours.
- Childcare fee payments must be made **by the end of each month**. In the case that the end of the month lands on a weekend or public holiday, payment must be made by the next business day applicable to financial institutions. **Be sure to pay on time.**
- In the case of Centers for early-childhood education and of small-scale childcare services, payments are to be made directly to the facility. Please consult with the individual facility regarding payment methods and due dates.
- If a payment is not received on time, reminder/demand notices will be issued and your property may be assessed and seized to settle outstanding debts.
- In principle, childcare fees are not adjusted retroactively beyond the fiscal year. However, childcare fees may be revised if there are changes in amended tax declaration, childcare classification, and/or household situation, etc. within the fiscal year. Please contact us immediately if those changes occur.
- The ‘Table of Childcare Fees’ is subject to any revisions made to base payment rates, as dictated by the Ministry of Health, Labor & Welfare.

(2) Bank transfer of childcare fees for authorized nursery schools

- Matsudo City requests that all users of authorized nursery school facilities make childcare fee payments via automatic bank transfer.
- After receiving a placement at an authorized nursery school, you will be provided a bank transfer request form during the interview/consultation process with your assigned facility. Please fill in the required details and complete the necessary procedures at your financial institution.
- After these procedures are completed, 1 to 2 months will be required to formalize the registration of your bank details. You will be sent a notification in the mail upon the completion of this process.

(3) Other

Parents will be required to bear expenses other than childcare fees (i.e. extended childcare fees, school meal fees, event fees, and educational material costs, etc.). These expenses will be calculated and collected individually for each facility.
