

To parents/guardians who wish to enroll their child in
the Japanese language supplementary class (introductory level)

Guide to the Japanese Language Supplementary Class at Tokiwadaira Dai-ichi Elementary School

Children who are attending a Japanese school for the first time may be very worried because they do not understand the language. In addition, there are many experiences in Japanese school life, such as **school lunch (kyūshoku)** and **cleaning activities (sōji)**, that they may encounter for the first time after enrolling. They will also hear Japanese expressions that are not commonly used in everyday life, such as “line up in a single file,” “fold the handout in half,” and “file the handout in a folder.”

In Matsudo City, there is a **Preschool Program (Preschool)** for children from overseas who are entering a Japanese elementary or junior high school for the first time. The program helps them start school life and learning smoothly.

If you would like more information, please come to **Gakushu Shido-ka (Academic Guidance Section)**.
